Business Of Local Utility Goes Over $100,000 For Year

Annual Report Of District Shows Business Gain In Community

For the first time in its 30-year history, the Truckee Public Utility District gross business last year exceeded $100,000.

This was shown in the annual financial statement prepared by Harry M. Straine & Sons of Sacramento for the fiscal year July 1, 1956 to June 30, 1957.

The report shows that the operating revenue for the electric department was $110,601.67 and for the water department $23,429.90 for a total of $134,031.57.

Net revenue from the electric department was $2,977.60 or 2.7 percent of the gross. The water department showed a net revenue of $2,452.17 or 10.4 percent of the gross.

Purchase of electric energy accounted for 51.5 percent of the operating expense in the electric department, this item costing $56,954.80. Office and executive salaries accounted for 11.37 percent with a total of $12,578.35.

Explains Costs

Manager C. Edmunds in commenting on some of the items in the budget, stated that total community contributions shown in the electric and water statements—the latter of which will be published next week—and which comes to a total of $2,726.73, consisted of $674.80 donated to the Truckee Chamber of Commerce; $184.37 for work done in materials and labor in installing and removing Christmas tree decorations, $33.10 in installing line for radio broadcasting for the Tahoe-Truckee High School; $370.18 for a pump for the Truckee Volunteer Fire Department emergency truck; $1,121.81 for materials and labor installing a sprinkling system for the Tahoe Forest Hospital and $342.47 spent

Contined on Page 10

Helicopter Used On Forest Fire

A forest fire in the Basin Peak area on the extreme northwest edge of the district was quickly extinguished on Monday with the aid of a helicopter. It burned about half an acre and was believed to have been started by a careless camper.

The fire was in the high Warren Lake country and accessible only by trail. Within an hour the pilot had made two trips and safely landed forest service firefighters Bill Stwart and Mike Estlow, also tools, food and equipment. The men were picked up at the airport northeast of town.

Fire Control Assistant Nelson S. Stone said that this fire was the first on which a helicopter has been used on the Truckee district of the Tahoe National Forest. New improvements in helicopter design and engines have enabled some makes to land on the highest peaks in the Sierra. The fire was at the 8500-foot elevation.

The helicopter is owned by Charles Litton of the English Mt. Ranch near Grass Valley and piloted by Arthur Johnson. Their service truck is operated by Steve Elsbree.

This is the second man-caused fire in the Warren Lake area since last Friday. Forest fuels are extremely dry in this and all other district areas and all forest travelers are cautioned to be sure that their cigarettes and campfires are left dead out. Total fires to date number 23, thirteen of which were man-caused and 10 due to lightning.

LAURA PATTON IS WED TO ROBERTS

Friends here are extending best wishes to Mr. and Mrs. Filmore B. Roberts, who were married Sunday, August 18, at Carson City.

Mrs. Roberts was Mrs. Laura Patton, a resident of Truckee for many years and for some time employed at Goodfellow's Coffee Shop, a position she has resigned to become a housewife. Roberts is employed by the Southern Pacific at Norden and is well known in the community.

ANNUAL GOLF MEET PLANNED AT TAHOE

The annual Tahoe City Invitational Golf Tournament will be held at the Tahoe City course Friday, Saturday and Sunday, August 23, 24 and 25.

Friday will be the 36-hole junior matches, with the junior finals and the ladies' 18-hole meet on Saturday.

The men's invitational meet of 18 holes will be held Sunday.

IN HOSPITAL

Wesley Ayres returned Tuesday to Truckee from the University of California Hospital at San Francisco where he had visited his mother, Mrs. Dora Ayres of Grass Valley. The patient has undergone a second, serious operation and is doing as well as may be expected, the local man said.

Next Wednesday Is Last Register Day For Bond Election

The election to vote on whether or not a $3,040,000 bond issue shall be provided to erect a new junior college in the Auburn-Roseville area, has been est for October 22.

In order to vote at the election, voters must be registered by September 28—next Wednesday.

This issue has been unpopular throughout the Tahoe-Truckee Unified School District, which voted more than 700 to 10 to be excluded from the district, and it is important that everyone be properly registered to vote when the bond issue comes before the district.

Traffic Continues Heavy In Truckee

Despite the fact that considerable work is being done on U.S. Highway 40 between Reno and Auburn, traffic through the Truckee quarantine station during July came within 1000 cars of matching the record set last year when 81,421 cars were checked.

The figure for last month shows 80,014 cars, 4102 trucks and 917 buses were checked at the local station and that there were 268,205 passengers. The number of trucks and buses increased materially over the preceding July.

During June there were slightly over 61,000 cars checked at the station. The count, of course, does not include local vehicles nor those east bound.

The Meyers Station on Highway 50 recorded a slight gain as 28,068 cars, 299 trucks and 70 buses were checked there during last month, with a total passenger count of 79,805. This compares to 23,805 cars checked during June and 29,136 during July, 1956.

The Truckee station occupied a strong second place among the border stations, exceeded only by Yermo with 89,154 cars. In third place was Winterhaven with 42,579 cars.

The 18 stations reported a total of 541,770 cars, 31,211 trucks and 5094 buses, and a total passenger count of 1,655,622.

DR. NELSON REACHES GOAL OF ALL GOLFERS

Dr. L. D. Nelson has achieved the goal set by all golfers — a hole-in-one.

Playing on the sixth hole at the Tahoe City golf course, Dr. Nelson sank the ball in one stroke, a distance of 172 yards.

Experts advise that this accomplishment comes on an average of less than once in 300,000 strokes and the doctor is justly proud of the trophy received for his feat.

G. E. LEWIS GIVEN LOCAL STREET JOB

A low bid of $28,860 of G. E. Lewis of Truckee for paving of the Truckee streets was accepted unanimously by the board. Only other bid was submitted by the Brown Company of Kings Beach. It was noted by County Clerk John T. Trauner that $35,803 has been set in this year's budget to cover this work.

School Opening Coffee Break Plan Of Lodge

Mrs. Rex Reid announced that a coffee break will be given by the Naomi Rebekah Lodge, No. 2, on September 3, starting at 9:30 a.m.

This will permit mothers accompanying children to the first day of school to enjoy coffee and pastry.

Mrs. Reid, noble grand of the local lodge, presided at the August 14 meet at which Glan Reid, a member of this lodge now living in southern California, was a visitor.

Initiation will be held during the August 28 meet.

Sacramento Firm Wins Contract For Martis

SACRAMENTO (CNS)—The state department of public works today awarded a contract for $29,943.50 to S. G. Voudouris, Sacramento, for replacing a bridge at Martis Creek, four miles southeast of Truckee in Placer County, with a double reinforced concrete box culvert and approaches.

County Tax Rate Of $2.05 Is Same As For Last Year

Junior College Costs Will Boost Local Taxes This Year

Through careful study and by trimming some of the items, the Nevada County Board of Supervisors Tuesday set the basic county tax rate at $2.05, the same figure as last year. With special district taxes, this will place the Truckee rate at $5.56 for inside the sanitary district.

A breakdown of the total budget as approved by the board, shows salaries and wages at $713,912; maintenance and operation, $1,946,159.93; capital outlay, $112,530.25; unappropriated reserve, $175,000; interest and debt redemption, none.

Broken down the tax rate will be distributed as follows: .75 general fund, .535 salary fund, .025 veterans buildings, .05 general reserve, .52 welfare fund, .73 hospital fund, and .05 promotion. In addition to the basic rate of $2.05, the junior college rate will be .19 cents this year.

Local Costs

Added to the basic rate for this area, a number of special district taxes were approved. They include: Truckee Fire District, .40; Truckee Sanitary District, .60; Truckee Cemetery District, .045; Tahoe Forest Hospital District, .14; Truckee Elementary School, .02; Tahoe Truckee Unified School District, .18; Donner Summit Public Utility District, .50; Donner Trail School, .12; Tahoe Forest Hospital, .05; Tahoe Truckee Joint Unified School District, 1.75, and Sierra College District, .33.

Two Found Dead In Pickup At Lake

The bodies of Edward Andrew Stewart, 46, and his wife, Vallerie, 41, vacationists from San Diego, were found late Thursday near Tahoe City in their pickup truck, converted into a camping car. Deputy Coroner Kenny West said the couple apparently died of carbon monoxide poisoning and had been dead eight to 10 days.

As West reconstructed the events, the couple ate dinner and retired to their bed in the back of the truck. Presumably, they became chilled and brought into the enclosed section a charcoal brazier for heat.

One window in the section was open but covered with a cloth and the other window was open barely a crack. West said the burning charcoal turned into the gas which killed the couple as they slept.

Their truck, carrying a boat, outboard motor and other camping gear, was parked in a Placer County gravel dump off State Route 89 one mile northwest of Tahoe City. It had been observed there for a week but not until Thursday did an unidentified passerby investigate.

LOCAL SCHOOL TO HAVE FAIR BOOTH

Through the efforts of Principal William Sciutto, Frank Alosi and Donald Trask, the Tahoe-Truckee Unified School District will have a booth at the Nevada County Fair from August 22 through 25.

The exhibit was prepared by Alosi and Trask and will feature efforts of the science and art department of the local high school with drawings, ceramics, woodwork and other handicraft as well as the accomplishments in the science department.

Local visitors to the fair are urged to visit the booth.

TRUCKEE WOMAN IS HURT IN ACCIDENT

Eileen Schuler of Truckee was treated for shock and released from a Reno hospital Saturday after the car she was driving and two others were involved in a collision in Reno.

Mrs. Schuler had stopped for a red light and the second car also stopped but the third vehicle, driven by James P. Thompson of Reno, rammed the second crashing it into the Schuler machine. Thompson was cited.

Kaspians At Bay—

Mr. and Mrs. George Kaspian and children spent last weekend at San Francisco. While there they met the Douglas Barrett family of Sacramento, former local residents.

SUNBEAMS

By WALTER M. BARRETT

Announcement by Gov. Goodwin J. Knight that he will seek reelection comes as no surprise, but is welcomed as good news. This area particularly has ample cause to endorse the candidacy of Governor Knight, not alone from the local benefits made possible by his intelligent and progressive treatment of problems affecting our widespread community, but because of his business-like handling of affairs state-wide. The Governor is definitely not using California as a stepping stone to serve personal ambitions and has often emphatically declared that he seeks no higher office than to continue service to the people of this state. Other potential candidates, including the senior United States senator from California, have not so indicated. We feel that California and its future should not be used as a pawn by any ambitious politician. Governor Knight, during his administration has proven his abilities, and the growth and development of the state, a balanced budget, honest decisions, progressive planning, and hundreds of other proofs attest to the reason he should be retained. He has declined to be party to "deals" offered by those who would use him to gain power and has never turned his back when the going was made tough by schemers, Governor Knight has been a governor of all the people at all times, never seeking favor from vested interests and if mistakes were made they were honest mistakes and not made for the purpose of personal gain, either politically or otherwise. This newspaper does not hesitate in endorsing the candidacy of Gov. Goodwin J. Knight on the basis of his splendid and forthright record of accomplishments.

OLD NO. 32 IS STILL WINNING AT RACES

Old No. 32 continues to win on the Reno fairgrounds auto racing track.

The hard-top racer built by Glenn Coffey and Harry Causey of Coffey's Auto Service of Truckee, and piloted by Causey has been providing some real competition for the area drivers in the Reno Stock Car Association.

In four main events, No. 32, which got its name from the fact that it is a converted 1932 model Ford, has won three first places and has set the track record with 18.57 second for the quarter mile course.

Races are held at the fairgrounds in Reno starting at 7:30 p.m. every Saturday.

Methodist Youths Meet To Plan For Events

Members of the Methodist Youth Fellowship which met Friday evening in the church edifice opened with worship service, led by Nona Rae Coffey and Shirley Smith.

Plans were made for the work day August 24 when cars will be washed by the young people at Capel's Gateway Park service. A picnic will be held August 25 at Donner State Park.

Renee Hall and Bonnie Fair were on the entertainment committee and refreshments were served by Nona Coffey and Louisia Scuitto.

Food Sale Is Planned By Church Women

A food sale will be held in the Truckee Mercantile at 10 a.m., Friday, August 23 by members of the W.S.C.S. of the Methodist Community Church.

All those having plates or pans belonging to others from the last food sale are asked to take them to the store, to be returned to the owners.

Terry Tollefsons Are Parents Of New Son

A son, named Bradford Timothy was welcomed by Mr. and Mrs. Terry Tollefson on August 14 at Reno.

The lad who weighed in at 8 pounds, 7 ounces is a grandson of Mr. and Mrs. C. A. Tollefson of Truckee.

Lake Water Meet Next Wednesday To Attract Crowd

Compact Group Will Hear Discussions On Lake At Session

SACRAMENTO—(This is the second in a series of three articles discussing problems associated with water levels of Lake Tahoe prepared by the California Interstate Compact Commission).

Many agencies have studied the problem of water levels of Lake Tahoe for years in an effort to find a way to minimize the range of fluctuations and more nearly stabilize the lake levels and still provide water for irrigation and power. There are many alternative proposals, but all fall within the following categories, and all will cost considerable sums of money to the beneficiaries.

(1) Water storage at other sites to allow lowering Tahoe levels.

(2) Cutting the outlet rim of the lake, making it possible to lower both the upper and lower water surface limits about one foot.

(3) Salvaging water by reduc-

Litterbug Draws $200 Fine At Lake

Judge Harry Charrison at North Tahoe is clamping down on litterbugs, a procedure which will be greeted with satisfaction by residents of that area.

W. E. Higby of Bakersfield was cited by Forest Service Patrolman Wade Howse Tuesday for violating a county ordinance which prohibits dumping refuse except in authorized locations.

When Higby appeared before Judge Charrison, he entered a plea of guilty and was fined $200.

CHANGES ARE MADE IN DANCERS STAFF

The Donner Dancers have regretfully accepted the resignation of Secretary Freida Stinchfield and elected Winnie Maynard to serve the balance of the term. Roger Stinchfield has been transferred to Borrego State Park in San Diego County and the Donner Dancers will lose this active couple at the end of the month.

David Weinstein of Washington, D.C., traveled the longest distance to visit last week's dancing party. Other visitors to the party were Catherine Hanson of Woodland Hills; Angela Palango, Palm Springs; Mary Ann and Bill Knowles, San Francisco; Ted Blitz, Berkeley; George Blitz, Albany; Nancy Pratt, Sacramento; and Marguerite and Dave Ashton of Kings Beach. Mrs. Hanson is visiting her daughter and son-in-law, Claire and John Patterson.

The Donner Dancers will meet again tomorrow evening in the Veterans Hall. Lloyd Everett will conduct a beginners' class at seven and the party will start at eight.

Former Local Woman's Husband Succumbs

Mr. and Mrs. Tony Maier and her mother, Mrs. Knappt of Roseville, visited local friends Thursday on their way home from Texas where they had visited their daughter and son-in-law.

Maier said that they had received word in July of the death of the husband of Mrs. Ruth Campbell Bennetts at Ione. The latter was also a former local resident.

Family Guests—

Mr. and Mrs. C. F. Johnson of Ravenna, Ohio, are spending several days at the home of Mr. and Mrs. Les Grow. Johnson is a brother of Mrs. Grow.

Business Visitors—

Mr. and Mrs. Vern Sadocchi of Bakersfield, formerly of Truckee, are staying at Donner Lake while on a business trip.

On Business—

O. G. Alexander of Marysville Tuesday was a business visitor here.

From Tahoe Valley—

Mrs. James Leamon and son of Tahoe Valley are visiting Mr. and Mrs. Harold Langille.

Family Here—

Mr. and Mrs. Tony Polyanich had as their recent guests their daughter, Mrs. Keith Weeden, and four grandchildren from the bay district.

Governor Goodwin J. Knight

Governor Knight Is Candidate In Race At State Election

SACRAMENTO (CNS) — Gov. Goodwin J. Knight, in the wake of his announcement he would be a candidate to succeed himself next year, said he will seek the nomination on both the Republican and Democratic tickets.

"I shall cross-file at the 1958 primary election and seek the nomination of both Republican and Democratic parties," Knight said in a prepared statement. "Although I am a staunch Republican, I shall seek both nominations for the same reason that in my administration of the state's affairs and in my appointments of its executive officials, I insist that state business be conducted not just in the interest of Democrats or Republicans, but in the interest of the people of California irrespective of party affiliation."

Knight also cross-filed in the 1954 primary campaign but fell short of garnering both party nominations in the June election. The only candidates to accomplish this feat in recent years have been State Superintendent of Public Instruction Roy Simpson and two of the potential opponents of Knight in next year's campaign—U. S. Senator William F. Knowland (in 1952) and Attorney General Edmund G. Brown (in 1954).

SLEEPING MAN SLIPS FOOT IN WHEEL AND AUTO IS WRECKED

Many vehicle accidents have been caused by many circumstances, but probably one of the most unusual occurred on Highway 40 a mile east of Soda Springs last week.

Mr. and Mrs. Ward Van Sant of Del Paso Heights and their three children, Diane, 12, Donald, 14, and Ronald, 13, were taken to the Tahoe Forest Hospital for treatment after Van Sant rammed his foot through the steering wheel while his wife was driving.

Sgt. Frank Snyder reported the Van Sants were traveling west at 3:15 a.m. with Van Sant taking a nap in the right front seat. The sleeper roused, and stretched and one foot became entangled in the steering wheel as Mrs. Van Sant was driving. This caused her to lose control and the car crossed over the center line and struck a car driven by Morris J. Davis of Pueblo, Colo., who was not injured.

All were released from the hospital after treatment.

Squaw Water Company Firm Files In State

Articles of incorporation for the Winding Creek Mutual Water Company, a non-profit concern to operate in Placer County, are on file with Secretary of State Frank M. Jordan.

Directors of the company are Wayne E. and Gladys Poulsen of Squaw Valley and Peter B. Johnson of Tahoe City.

Goes South—

Mrs. Fosten Wilson and son, Fosten, are expected home this week from a business trip to the Los Angeles district, having left for the south last Thursday.

From Ukiah—

Richard W. Follett of Ukiah left for his home after several weeks visit at the home of his grandparents, Mr. and Mrs. S. A. Follett.

Happy Days—

Mrs. Oscar Schumacher and Mrs. Art Mori celebrated their natal dates on August 12 while Mrs. Eugene Welch and Charles Heller observed their birthdates August 11.

SIERRA SUN ADS PAY!

High Land Price Is Newest Barrier In Path Of Olympics

Nearly Half-Million Asked For Land, Leases In Squaw Valley

The "unrealistic value" set for land required by the State of California in Squaw Valley for staging the 1960 Winter Olympics is the latest hurdle placed in front of the planners.

Having finally settled on what land is required and how that land can be used, spoksemen for Mr. and Mrs. Wayne Poulsen this week came up with an offer to sell 15 acres, lease 6½ acres and give an easement on 20½ acres fo ra perof 30 years for a total of approximately $440,000. The state apprais er set a figure of $104,00 for the same land over the same period.

H. D. Thoreau, executive secretary for the California Olympic Commission, said the matter will be referred to the commission but that he feels the Poulsen offer is "unrealistic" and would be a "gift of public funds."

A suit to condemn the land needed has been prepared and is ready for filing by the attorney general. This action was delayed when it was revealed further negotiations were requested by Assemblyman Francis Lindsay in an effort to iron out the squabble which has continued for nearly two years and which has threatened the games.

The possibility that the continued delays will result in the games being taken to Europe in 1960 is not remote.

Contracts totaling $7,000,000 are ready for signatures and work could be started immediately if an agreement could be reached, but that possibility is as remote now as it was two years ago.

Donner Firemen Ask Assistance

Dr. Robert Affeldt, president of the Donner Lake Volunteer Fire Department, has announced a schedule of rates which should provide the needed equipment and other items to bring into the district a well-equipped, fully-manned fire fighting unit.

The department, Dr. Affeldt explained, is going to attempt to operate on a voluntary collection basis rather than by taxation.

To accomplish this, the following annual rate scale has been determined by the board of directors:

Summer residents, $10.

Permanent residents, $20.

Small businesses, such as gas stations ,restaurants and motels of four or less units, $25.

Lodges and motels, $35.

Residents and business people of the area being served are asked to contact either Dr. Affeldt or Roy Slate and made their payment.

The department is anxious to secure the equipment and be ready to combat any fire which might threaten the area.

Lower insurance rates are expected to result from the formation and equiping the department, Dr. Affeldt said.

LIONS WILL OBSERVE 25TH ANNIVERSARY

John Peterson, resident engineer for the state on local highway projects, spoke before the meeting of the Lions Club last night.

It was decided to hold the annual Calcutta pool at Tahoe Inn September 11 and the golf tournament at Tahoe City September 25.

The club will observe its 25th anniversary with a ladies night on September 28 at Smart's.

Visitors last night included Paul Capel of Truckee, Lew Baysinger, San Rafael; E. B. Wallace, Piedmont; George Prescott, Lincoln; J. F. Speed, Vallejo; Ben Byersly, and John Laughens of Sparks and Con Briner of Tahoe.

Mrs. Al Pfaendler Feted At Birthday Dinner

Mrs. Al Pfaendler was feted at a surprise birthday party given August 15 at the home of Mr. and Mrs. Robert Bowers at Reno. A bountiful turkey dinner, complete with decorated cake was enjoyed by the honoree, Mr. and Mrs. Gino Gini, Mr. and Mrs. Gilbreath, Kristine Bowers and Al Pfaendler.

C. Z. Smith Purchases Tahoe Insurance Firm

Mr. and Mrs. C. Z. Smith of the R. N. Little Insurance Agency, this week announced they have purchased the insurance portion of the Tahoe Realty Company from Mrs. Ruth Droste. They will continue to service the accounts from their office in Truckee where they recently took over the accounts of the late R. N. Little.

Card Club—

Mrs. Harry Digesti entertained Monday evening for members of her card club.

House To Be Built—

The future home of Mr. and Mrs. Stanley Zwarg has been started this week at Gateway Park next to the property of Mrs. Ceil Clepper.

IN THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA

Thursday, August 1, 1957
Regular Meeting
Present: John T. Trauner, Clerk
William J. Cassettari, Deputy District Attorney.

The meeting was called to order at 10:10 A. M. by the Chairman of the Board, and all members were noted as being present.

The minutes of the meeting of July 15, 1957 were read to the Board by the Clerk, and upon a motion made, duly seconded, and passed unanimously, the minutes were approved as read.

A motion was made by Supervisor Robinson, duly seconded, and passed unanimously, directing the Clerk to publish the proceedings of the Board in the Sierra Sun for the month of August, 1957.

This being the time set for the consideration of the appointment of a Building Committee, Supervisor Smart appointed Stanley Halls from the First District; Supervisor Bishop appointed Howard Bennetts from the Second District; Supervisor Coughlan appointed Donald Donahue from the Third District; Supervisor Robinson appointed Dale Smith from the Fourth District; and Supervisor Loehr informed the Board that he was ont ready to make his appointment at this time. A motion was made by Supervisor Smart, seconded by Supervisor Bishop, and passed unanimously, confirming the afore-named appointees to serve on the County Building Committee along with the Financial Advisor, the District Attorney, and the County Auditor.

A motion was made by Supervisor Coughlan, duly seconded, and passed unanimously, authorizing the Chairman to enter into an Agreement with the Department of Agriculture relative to the reimbursement to the County for the salary of the Agricultural Commissioner not to exceed $3,000.00 per year.

At the request of the Auditor, and upon a motion made by Supervisor Robinson, duly seconded, and passed unanimously, authority was granted to the County Auditor to send a deputy to Sacramento for a Welfare accounting meeting with the State Department of Social Welfare.

A motion was made by Supervisor Coughlan, duly seconded, and passed unanimously, authorizing the Chairman to sign an application for a use permit from the Forest Service for the purpose of maintaining the cemetery in Graniteville.

A letter was read to the Board from the Nevada County Taxpayers Association relative to the amount of use of the Detention Hall. A motion was made by Supervisor Smart, duly seconded, and passed unanimously, directing the Clerk to issue a Minute Order to the Probation Officer requiring the said official to make a written report to the Board on or before August 15, 1957.

A notice was read to the Board by the Clerk relative to the filing of a Notice of Intention for the circulation of a Petition for the incorporation of the town of Truckee. Pursuant to the applicable sections of the Government Code, the matter was deferred.

Mr. Charles V. Litton appeared before the Board and presented deeds of the Loma Rica Airport to the County. Mr. Robert Schiffner and Mr. Downey Clinch, members of the County Airport Commission, were present and a lengthy discussion was held with the District Attorney, Mr. Litton, and the Board. Upon a motion made by Supervisor Smart, seconded by Supervisor Bishop, a Resolution was adopted authorizing the Chairman to execute the Deeds to the Loma Rica Airport on behalf of the County. Upon a roll call ballot, the following vote was recorded:

Supervisor First District Aye.
Supervisor Second District Aye
Supervisor Third District Pass
Supervisor Fourth District Aye
Supervisor Fifth District Aye

The motion, having received a majority of the votes cast, was passed.

Mr. Downey Clinch appeared before the Board and rendered a report on the formation of the Airport Commission. Mr. Clinch then presented a Resolution that was adopted by the Airport Commission and requested that the Board adopt a similar Resolution. After a discussion, the matter was tabled.

At this time the Board adjourned for lunch to reconvene again at 2:00 P. M.

AFTERNOON SESSION

The Board reconvened at 1:55 P. M. and it was noted that all Supervisors were present.

The County Superintendent of Schools appeared before the Board relative to a possible increase in his tentative budget because of conflicting regulations which will not permit the continuance of the method of payment for supplies and equipment in his office. After a lengthy discussion by the District Attorney, the County Auditor, and the Board, the matter was referred to Mr. Brunker, the County Expert, and the District Attorney to determine the legality of the method of payment of some of the items under question, and to be reported back to the Board.

This being the time heretofore set for the opening of bids for the construction of a pipe line for the Juvenile Hall, the Purchasing Agent appeared with two sealed bids. The Chairman of the Board opened the first bid which was from Dudley Edridge in the amount of $1,725.53. The Chairman then opened the other bid which was from Harney's Plumbing Co. in the amount of $1,296.00. A motion was made by Supervisor Robinson, seconded by Supervisor Smart, and passed unanimously, directing the Purchasing Agent to accept the lowest bid submitted.

Mrs. Margery Worth, the County Welfare Director, appeared before the Board and gave the report of the Welfare Department for the month of July. The Welfare report was accepted and ordered filed.

Mr. Robert K. Graham, Road Commissioner, appeared before the Board and entered into a discussion relative to the Tyler-Footes road. It was decided that further discussion on the mtter should be deferred until August 15, 1957.

Upon being informed by the District Attorney of the necessity of the Board setting a public hearing date no later than August 20th for the purpose of the consideration of the Final County Budget for the fiscal year 1957-58, a motion was made by Supervisor Smart, duly seconded, and passed unanimously, directing the Clerk to set August 20, 1957, at 10:00 A. M. thereof as the public hearing for the consideration of the Final Budget, and further directing the Clerk to give proper notice in accordance with the Government Code.

There being no further business to come before the Board at this time, a motion was made, duly seconded, and passed unanimously to adjourn to meet again on August 8, 1957 at 10:00 A. M. thereof.

H. G. LOEHR, Chairman of the Board of Supervisors.

Attest:
JOHN T. TRAUNER
Clerk of the Board A22 1t

IN THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA

Thursday, August 8, 1957
Adjourned Meeting
Present: John T. Trauner, Clerk
Wm. J. Cassettari, Deputy District Attorney.

The meeting was called to order at 10:09 A. M. by the Chairman of the Board and all members were noted as being present.

The minutes of the meeting of August 1, 1957 were read to the Board by the Clerk, and upon a motion made by Supervisor Bishop, duly seconded, and passed unanimously ,the minutes were approved as read.

H. J. Ray, City Manager of Nevada City, appeared before the Board and requested the Board to enter into an agreement with the City relative to the clearing of the city dump. After a discussion, a motion was made by Supervisor Coughlan, and duly seconded, authorizing the Chairman to sign the agreement. Upon a roll call ballot, a unanimous vote was recorded.

Mr. John Walker, representative of the County Farm Bureau, appeared before the Board to discuss a County Sales Tax. Supervisor Loehr informed Mr. Walker that there was no such tax contemplated at this time.

Mr. Arthur Hammond, Constable, appeared before the Board relative to a pay increase for the constables. The District Attorney suggested that the Board make a further study of the matter, and it was deferred until a later date.

At this time Supervisor Loehr appointed Carrol Z. Smith to serve on the County Building Committee as the member from the Fifth Supervisorial District.

Chairman Loehr remarked that it had been brought to his attention that there were discrepancies in the Salary Ordinance relative to vacation pay upon the termination of employment. The Ordinance was discussed by the Board and the District Attorney, and was deferred for further study.

A discussion was held relative to the County Preliminary Budget as compiled by John T. Trauner. the County Auditor, and the District Attorney informed the Board that they could not tak eany action on the Budget until the final hearing date of August 20th. At this time the Board entered into a lengthy informal discussion of the Preliminary Budget.

Mr. Leo Todd appeared before the Board as the attorney of record for the Estate of Horace Bayes and requested the Board to authorize a Compromise Claim in the amount of $868.50. A motion was made by Supervisor Bishop, duly seconded, and passed unanimously, authorizing the Compromise Claim against the estate of Horace Bayes by the County Hospital.

At this time the Board adjourned for lunch to reconvene again at 1:30 P. M.

AFTERNOON SESSION

The Board reconvened at 1:50 P. M. and continued their study of the Preliminary Budget.

Mrs. Robert K. Graham, County Road Commissioner, appeared before the Board relative to the purchase of a semi-dump trailer, and the Board entered into a discussion relative to the various types of trailers on the market. A motion was made by Supervisor Smart, duly seconded, and passed unanimously, directing the Clerk to issue a Minute Order to the Road Commissioner authorizing the lease-rental of a semi-dump trailer not to exceed $7,000.00.

Mr. Carlos McGuire appeared before the Board and gave a report on the development in the Tyler-Footes road project.

The Board continued their study of the Preliminary Budget and it was noted that the County Trapper did not have a 10% raise as authorized the other County employees, and a motion was made by Supervisor Bishop, duly seconded and passed unanimously, directing the Auditor to increase the salary of the County Trapper by 10%. The Auditor was further directed to increase the salary of the County Trapper effective as of the applicable date of the amended Salary Ordinance.

Mr. Ben Peterson, representative of the California Taxpayers Association, made recommendations relative to the Preliminary County Budget and informed the Board that he felt the Nevada County Board of Supervisors and the Nevada County Auditor were doing a good job in the budget program.

Mr. Denis Christin, County Superintendent of Schools, appeared before the Board and entered into discussion relative to his budget and requested that certain increases be made in that budget. No action was taken at this time, and the matter was deferred for further study.

The County Clerk, John T. Trauner ,read a Summons to the Board that he had received from the Secretary of State directing the said County Clerk to appear in Sacramento on September 19th and 20th. A motion was made by Supervisor Coughlan, duly seconded, and passed unanimously, authorizing the attendance of the Clerk in accordance with the Summons he had received.

A motion was made by Supervisor Smart, duly seconded, and passed unanimously, directing the Auditor to increase the Capital Outlay category of the Detention Hall in theamount of $1,296.00, said sum to be used for the installation of a pipe line at the Detention Hall.

The remainer of the session was devoted entirely to the scrutinization of the Preliminary Budget with recommendations being received from the County Expert, Mr. Brunker, and the District Attorney.

There being no further business to come before the Board at this time ,a motion was made, duly seconded, and passed unanimously, to adjourn to meet again on August 15, 1957 at 10:00 A. M. thereof.

H. G. LOEHR,
Chairman of the Board of Supervisors.

ATTEST:
JOHN T. TRAUNER, Clerk of the Board. A22 1t

Counties May Govern Use of Invalid Chairs

SACRAMENO (CNS) —Counties may adopt ordinances prohibiting the operation of self-propelled invalid tricycles, Attorney General Edmund G. Brown said in a ruling recently.

An injury suffered by a child who was struck by such a vehicle in San Bernardino County, which was operated by a spastic minor, caused Albert L. Weller, county counsel, to ask for the opinion.

The county, the opinion said, may fix standards by which capability of operating the vehicles may be determined.

Beautiful Wedding

The beautiful home of Mr. and Mrs. Schofield known as Goldcrest Lodge, Kings Beach, was the scene of a very smart and beautiful wedding last Saturday night, and it was an honor to officiate at the occasion. Haskel L. Ward took for his bride Patricia Louise Elliott. Carol Draper who went through high school with the bride, was maid of honor, and Larry Sevisen who is in the service, but happened to be home on leave was the best man. The bride wore a blue dress with huge corsage, as did the maid-of-honor. It was a brilliant setting in the charming home of the Schofields. The groom's parents, Mr. and Mrs. Lewis Ward of Marysville, as well as the parents of the bride, Mr. and Mrs. J. E. Morrish of Kings Beach, were present. Others who attended the wedding were Mr. and Mrs. Milo Browne and daughter, Gail of Kings Beach, Mr. and Mrs. Wynn Morrell, Kings Beach, Mrs. Woodhouse and son, Andrew. The reception was held at the home of the bride on the Brockway Hill. A beautiful two-tier cake was cut by the bride and served to those present. Suddenly the bride and groom were leaving for parts unknown. They will spend their honeymoon in several resorts and finally will make their home in Marysville. We wish the beautiful bride and her husband the utmost in happiness.

And Another

A little late? Well, I guess I am, but the old saw, better late than never still stands. Just recently Grant Lowry took upon himself a bride. Yes, a beautiful bride, too, Wanda Joheno, a native of Texas. Grant is a bartender at Crystal Bay Club. Grant and Wanda, we wish you the very best that life can give.

Coming Up

H. E. McCoskey of the Crystal Bay Club tell of another trapshoot coming up at the North Tahoe Gun Club in Tahoe Vista September 20, 21 and 22. This is just a remainder so that you can make arrangements to be there. Everybody is invited. More of this will be told as we near those dates.

Constant Visitor

Helmer and Helen Bergman of Watsonville, friends of Tony and Eve Donadio, are up here for a short stay. Helmer says he comes up to the lake on every opportunity, and declares he reads the Sierra Sun every week, glad to hear it, Helmer.

Returned

A visitor to Kings Beach from time to time and a friend of ours, has just returned after a swell vacation in Ontario, Canada. On the way back while stopping in Colorado he met a friend of many years, and enticed her back to California, and the next thing they got married in Reno, and will make their home there. So, now it's Mr. and Mrs. Jimmie Jensen. They will make the lake their second home.

Business and Pleasure

We had some friends of the past 33 years on a visit to the lake. They are Raymond and Russell Kettle, little fellows, twins. They weigh 200 and some odd pounds each. They are part owners of a large nursery in Pasadena, and are up here scouting around for a few loads of Christmas trees. This was their first trip to beautiful Tahoe, and talk about enthusiasm, they talked about returning and making a home here.

Nice Vacation

Franklin and Mrs. Tuttle, assistant district attorney, and their five children spent a week at Kings Beach. Mrs. Tuttle was especially thrilled with Crystal Bay and it's floor shows. Franklin has an office over the postoffice building and attends there every Saturday.

Civic Center?

I wonder why the highway department don't do something about the center of Kings Beach the corner of Bear and right along to the state line. No street markings, people hardly know when they are doing right or wrong. The crosswalk at the theater is almost wiped out. There should be two good crosswalks. A wide white marking would be a big help and one at the end of the fountain, something besides a lick and a promise would satisfy the people. Complaints, complaints that's all we hear. Our two patrolmen, T. F. Sheehan and Bud Meixner do a remarkable job under the present conditions. So let's cooperate wth the men that are there for your benefit and help.

Peaceful

Saturday night and it is a delightfully balmy night, too, after quite a hot day for our community. It is 8 p.m. with everything quiet and peaceful with the beautiful bells chiming at the Community Methodist Church.

Return

A card from Mrs. Ella Blake, and son, Lloyd, tells of their return from a visit to Alaska. They tell, too, that Alaska is really flourishing, and again it's nice to be back.

New Deputy Sheriff

Now we have Gene Dahlberg, deputy sheriff, up to help out in the rush of business in this area. Gene was here a couple of years ago, and we are hoping that he will stay with us. We need him winter and summer. He is quite a veteran on the sheriff's department.

Trailers, Trailers, Trailers

During the past week there has been quite an exodus of trailers getting out of the area, in fact, Placer County, since the board of supervisors made the new ordinance that no trailer should park in the county either for living quarters or for business purposes. Those that remain are being cited to appear in court and show cause. Deputy Sheriff Angelo Chiratti was on this detail.

New Subscribers

Yes, sir, three of our valued citizens have subscribed to the Sierra Sun this week they are W. W. Morrell, Edward Francis and J. (Elmer) Morrish all of Kings Beach. Call, if you would like to read (all about it).

A Little Court News

Marie Hilliard of the Kings Beach Dump, was charged with disturbing the peace and after pleading guilty was fined $50 with $35 suspended on good behavior.

John A. Bowman was arrested on a charge signed by Alice Sorensen for forgery. Andy Sorensen's name was signed on checks. Bowman was arraigned, and was sent to the Auburn jail to await a preliminary hearing at Tahoe City. Bail was set at $5000 and hearing date was set for August 30.

Drunk

Henry H. Smith, no fixed abode, was arrested at Tahoe City on a drunk charge. He was sent to Auburn jail for 30 days.

Richard Warren Porter was arrested by Jerry Rapisaeda and Sergeant Rabska on a call from Ned Malla at the Malla's Resort. Porter was accused of being drunk in a car blocking a driveway, and he was also cited for resisting arrest and attempting to slug the officiers. He was fined $50 on each count.

There are other cases too numerous to mention, Tom Sheehan and Bud Meixner are responsible for most of them.

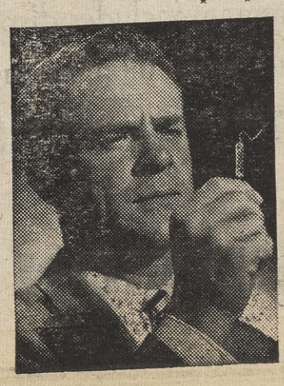
* * * * *

When you're out for a drive in the country, you may notice a little "telephone gardening" underway. Especially where there are tall trees and shrubs. These growths could interfere with telephone lines if we didn't cut them down to size once in a while. When the brush gets extra thick, new chemical sprays (above) can be used. They do a mighty good job, too. And some day, I wouldn't be surprised to see a lot of spraying done from helicopters. It's already been tried out. No matter what it takes, the main thing is to keep those voice paths open for your calls.

* * * * *



That's a piece of telephone equipment in the hand of the man at left. It's called a thermistor. And the "heart" of it is just a tiny speck inside that tube. It's so small you could barely see it if you placed it on your fingertip. It does a big job, though. For with the thermistor, your voice can't fade or blare on the phone. Just goes to show that good things *do* come in small packages.

GENERAL FUND OF STATE REFLECTS SOUND BUSINESS

SACRAMENTO, (CNS) — California's general fund had a balance of $119,671,201 when the 1957 fiscal year closed June 30, Robert C. Kirkwood, state controller, announced.

Cash revenues of the fund for the year reached a record breaking total of $1,084,719,234, an increase of $80,642,241, or more than eight per cent over the preceding year.

Cash expenditures topped the billion dollar mark for the first time. The state paid out $1,017,089,878 against $92,044,375 the previous year, or approximately 10 per cent.

The controller said general fund income from interest on investments and inactive bank accounts amounted to $14,494,417, compared with $6,470,678 for the preceding year. The 124 per cent increase he said, reflects a full year of operation of the pooled money investment board and the abnormal rise in interest rates during the year.

Of the general fund cash expenditures, $345,342,160 went for state operations and $671,686,219 for local assistance. Major expenditures increases for the year went for the University of California, employes retirement, support of public schools and local assistance for maintenance of tuberculosis hospitals.

The report, said Kirkwood, is on a cash basis, and the balance in the general fund does not represent a surplus.

DRIVERS REQUIRED TO REPORT MISHAPS

SACRAMENTO (CNS) — Persons who fail to report "reportable' accidents to the proper authorities are guilty of a misdemeanor, Attorney General Edmund G. Brown ruled in an opinion handed down this week.

The making of such a report is an act the law requires of a driver "just as surely as he is required to perform other mandatory acts in connection with the operation of a vehicle" the attorney general said.

Failure to make a report, however, must be wilful to come under provisions of the law.

County Fair Will Start 3-Day Show At Grass Valley

GRASS VALLEY—Prime samples of the county's agricultural, mineral and floricultural wealth go on display Thursday, August 22 for the four-day annual Nevada County District Fair.

State officials have long described the Nevada County fairgrounds extending over 80 acres of meadow and forest, as one of the coolest and most beautiful in California.

First night entertainment will be the 4-H Club talent show in which the farm youngsters will present a sparkling performance featuring the county's best juvenile talent.

On Friday night Alfred Cunningham, youthful theatrical producer, will stage a variety show with beautiful Lana, called the Chicago Bombshell, as a headliner.

Saturday night 100 or more cowboys will attempt to conquest a like number of bucking horses and Brahma bulls.

Sunday afternoon the six top cowboys in bull riding, saddle and bareback and calf and team roping, will perform for top prize money a sa feature of a full scale western horse show.

Sunday night 16 roaring micro midgets will put on an eight race program on the eighth mile speeddrome in front of the new grandstand.

Sunday morning in the livestock show arena the Nevada County Purebred Beef Breeders Association will sponsor an auction in which 30 or more prime animals, raised by 4-H Club members, will be sold at top prices.

California fremontia is notable for its large golden-yellow flowers, borne in great quantities in summer.

SIERRA SUN ADS PAY!

Yacht Club Will Stage Regatta At Lake Tahoe

TAHOE CITY — Next Sunday, August 25, the Tahoe Yacht Club's annual regatta will get under way at the New Chambers' Lodge at 9:30 a.m. and at 8:30 the junior outboard races, last of this season, will take place there also. The youngsters are particularly eager to learn who the high point winners of the season will be, there being little doubt that Joe Hickingbotham will cop first place, as he now leads with 200 points ahead of his nearest rival.

The public is invited to attend the three-hour show which is climaxed by the Lake Tahoe championship race. Lowell Berry, chairman of the regatta committee, says that this year's program offers one of the most exciting contests in the history of the club. Only Tahoe Yacht Club members are eligible to race, but new residents and boat owners are invited to join the club, and the contests. The annual yacht club luncheon is scheduled for noon Saturday, August 24, at New Chambers, at which time election of officers for the ensuing year will be held.

Race Results

Lew Marsten, publicity chairman for the junior division of the Tahoe Yacht Club's hydro races reports the results of last Sunday's B stock hydroplanes: first, Joe Hickingbotham; second, Lew Marsten; third, Bob Frost and fourth, Dick Taylor.

In the B U runabout division John Lane took first; Jack Healy, second and Jay Guittard, third.

In the 7½ H.P. and under for 13-year-olds and younger, Ralph Peer placed first and Kathy Bray, second.

In the 19 H.P. and under, Diana Meek took top honors, with Ralph Peer second.

In the 20-26 H.P. Kathy Houdlette came in first; Bart Butler second and Bill Larsen third.

The 27 H.P. and over went to Jack Healey, with Al Smith, second and Bill Hunter third.

Award Trophies

J. Philip Murphy, commodore of the Tahoe Yacht Club, was on hand to award the trophies to the winners.

A bit of excitement was caused on Sunday just prior to the awarding of the trophies when Randy Walker, chairman of the racing committee, called the boat of Micky Washburn in to the judges' stand to talk with him. As young Washburn turned off his motor, it caught fire. The crowd was hustled off the pier in its vicinity as the young lad gallantly struggled with a fire extinguisher to put out the blaze, but without success. In second Lew Marsten, Joe Hickingbotham and Morlan Visel jumped into a boat armed with a Co-2 fire extinguisher, which also refused to function.

The volunteers tore the gas valve off the engine to prevent an explosion and heedless of personal danger, continued to dash water onto the blaze with their hands, and rocked the boat down into the water to put out the fire. After a hectic five minutes their efforts were rewarded, as Micky swam around in the water helplessly.

Soroptimist Club Files Incorporation Articles

SACRAMENTO (CNS)—Articles of incorporation for Soroptimist International of Nevada City, American Federation, Soroptimist International Association, a nonprofit concern, were on file today with Secretary of State Frank M. Jordan.

Directors of the firm are Elma Hecker, Margery Worth, and Thelma Jackson, Nevada City.

NEWS NOTES FROM TAHOE

By Naomi McLane

Tahoe City, Box, 711. Juniper 3-3187

Good Service

For a long time I have suspected, and now I find it true, that our post office has absolutely 100 percent service. The other day I hoped it was only about 99 percent and that we would have a package even though our box (711) was empty. No, it was another 100 percent day. If there is a package there is a package notice. Seriously, I think our postmaster, Oliver Corona and his staff of Mrs. James Martin, Mrs. Frank Kennedy and Mrs. Catherine Corona deserve more praise than they ever get, so I am shouting now.

Attends Funeral

Marilyn Boyle flew down to the Peninsula this week to attend the funeral of her father. She had just returned Sunday from a visit with him. He had been suffering a severe illness so the death was not completely unexpected.

Board Meeting

Mrs. Don Snyder wishes to announce that there will be a board members meeting of the Women's Club of Tahoe at her home on August 27 at 8 p.m. All board members are urged to attend, if they possibly can.

From Alaska

Mr. and Mrs. Cliff Runker of Sunnyvale were recent visitors of Mrs. Elaine Wright. They are old friends from Kenaix, Alaska days. Elaine is enjoying a visit from her mother at this time, too, Mrs. Mary Fleming from Auburn.

Several Guests

Bob and Helen Beaverson are having several guests this last week. Mr. and Mrs. Don Drummond from Anaheim and their three children, Dona, Scott, and Chris have been here. Mrs. Drummond is Helen's sister. Arthur Drummond, the children's grandfather, was also with the family. Don Drummond's sister, Betty Brown, with her sons, Eric and Dirk, spent several days here, too.

At Snyder Home

Mrs. Eldon Schnell from Stockton, and her son, Michael, are visitors this week of the Don Snyder family. Mrs. Schnell and Martha are sisters.

To Yuba City

Mr. and Mrs. Lawrence Bosen moved last week to Yuba City where Bosen will work.

At Bosen Home

The C. E. Bosens have had several visitors recently. Mrs. Bosen's niece and her husband, Mr. and Mrs. Russell Newkirk, and their three children all from South San Gabriel spent several days. Part of that time a nephew, Michael Williams, was with the family group. Two friends from El Monte were also here, Harry Nissley and Paul Guay.

New Son

Jeff and Sonya Schmitt have a new boy unnamed as yet. He arrived Friday at the fine weight of eight pounds, 15 ounces.

Goes To Hospital

Mrs. Charles Neilsen was in Reno the first part of the week for observation and possible surgery. Her brother and his family, George and Navarre and Roberta Marshall, are visiting Neilsens at this time. They are building a house near the river.

From Gridley

Mr. and Mrs. Joseph Gunterman and their children, Karen, Stanley, Joanie and Tommy were weekend visitors at Tahoe cooling a bit from their Gridley home.

Enjoy Vacation

Robert March and his two teenage daughters, Barbara and Lyn, also enjoyed the lake and its activities. Marchs are from Berkeley and Walnut Creek.

At Camp Dustyfeet

Jerry and Janet Jorgensen were overnight campers at the McLane plantation, often called Camp Dustyfeet.

Breaks Leg

Little Sandy Poulsen broke her leg in a fall from her horse last week. From all reports her cast does not hinder her from very many activties. She's a plucky little five-year-old.

Build House

Mr. and Mrs. Jim Spencer from Palo Alto are growing a house most rapidly in Tahoe Tavern Heights. Last week there was nothing; now the roof is ready to be finished.

Tahoe Play

Do not miss the play tonight or tomorrow night if you did Wednesday. The "Male Animal" is a delightful comedy and is excellently done by the Sacramento State College dramatic students. The cast consists of Paul Bertrand from the Pasadena Playhouse; Stuart Kaufman and Betty Martin, Patricia Canfield, Bob Smart, Fon Frieseke, Wayne Willis, and Dixie Long. The set is designed by Jim Condon whom theater-goes will remember as Starbuck in "The Rainmaker." Dr. Carl Thomas is director of the drama and speech arts. When one considers how little time the participants in the play and its production have the high quality we see is all the more appreciated.

Entertain At Lake

Colonel Rob and Stella Watson of the Highlands entertained Zera Carron and son, Allen of Auburn, George and Mildred Collins and son of San Anselmo. Mrs. Margaret Ashe of Santa Maria who first came to the lake in 1921 at Emerald Bay, noted many changes in the area.

Needs Furniture

Mrs. A. G. Steltzner of Tahoma and Piedmont is asking for furniture for the International House Lodge at Granlibakken. Any furniture, including mattresses will be appreciated. Mrs. Steltzner is a member of the house association.

Breaks Ankle

Frank Kennedy of Lake Forest broke his ankle three weeks ago in a fall on the stairs at his home. His friends are teasing him about hurrying down for his morning cup of coffee, but whatever the reason, it is no joke for he suffered a compound fracture and will be in a cast for a large part of the season.

Meet Friends

Mr. and Mrs. Forest Hall of Tahoma drove to Reno this week to meet their friend, Mrs. Dorothy Hans, from Oakland, who had been on an extended trip to Denver. She spent a few days with the Halls before returning home.

Driver licenses issued by the state department of motor vehicles are increasing at the average of 15.48 per cent per month.

RIDE 'EM—Bob Eidson, Sacramento Valley cowboy, takes a ride on the hurricane deck of Desert Sun, in a tuneup for the big five-event rodeo at the Nevada County Fair Saturday night and Sunday afternoon. The Nevada County Exposition opens in Grass Valley, Thursday, August 22.

BOND ELECTION TO BE HELD OCTOBER 22

Sierra Junior College District trustees changed the date for their proposed $3,040,000 bond election from October 18 to October 22, on the advice of a bond expert in San Francisco, who pointed out Gov. Goodwin J. Knight recently signed a bill making all school elections mandatory for Tuesdays. It will become effective September 11.

The formal resolution was made in Auburn Tuesday, changing the date, and setting the amount, on a motion made by Trustees Harold Welch of Truckee and seconded by Trustee William O. Francis of Auburn.

The vote was unanimous. The amount had been agreed upon tentatively at a meeting in Auburn on August 6, and confirmed this week.

Lake Conservationists To Meet With Board

MEEKS BAY—The recently incorporated Lake Tahoe Improvement and Conservation Association will be represented at the meeting of the California-Nevada Interstate Water Compact Commission here August 28. The purpose of the meeting is to discuss opinions on the best maintenance of the lake level and other water problems.

In the afternoon the meeting will be open to all interested parties and other problems such as zoning, sewage, garbage disposal, roads, lumbering and bill boards will be discussed.

The association has sent letters to Tahoe residents outlining the purposes of the organization and offering four types of membership.

CONTRACTORS TO PAY LICENSE FOR ROAD EQUIPMENT

The Capitol News Service reports that contractors are up in arms over a new ruling by the state departmentof motor vehicles which requires that huge carryalls and other earth moving equipment must pay regular truck license fees and in lieu taxes.

Recently Gibbons & Reed, contractors on the highway project near Floriston were cited for having 17 unlicensed vehicles and were billed by the state for some $17,000. District Attorney Harold Berliner asked that the charges be dropped.

Heavy construction contracts, many of whom are engaged in projects under state highway contracts, contend the heavy equipment is too wide or too heavy to move on highways legally. They say the extra fees will result in higher bids for state road contracts.

Albert J. Veglia, state registrar of motor vehicles, who has taken the position the heavy vehicles must pay the fee, has been backed by Director Paul Mason.

"We're simply asking them to comply with the law," he said. "It's that simple. It's not a gimmick, it's a matter of interpretation."

The licensing law lists specific exemptions from the motor vehicle fee and in lieu tax requirments. However, dump trucks and truck-mounted transit mixers, cranes and shovels are not included in the list.

"I say they're dump trucks," Veglia said, in referring to such rigs as the Euclid rear end dump. "They say they're rock wagons. But I am saying to the contractors that the law says you've got to license them."

Veglia said only a few contractors have been billed so far.

However ,Veglia said all of the contractors will be billed if the attorney general supports his position.

"We may be talking about approximately $200,000," he said.

Nevada City Weekly Is Closed By Publisher

In a front page editorial, Publisher J. L. Clark of the Nevada City Nugget, announced in his August 15th edition that "the nosy old Cottrell press has ground out its final edition of this publisher. It is with regret that I announce the suspension of publication of the Nevada City-Grass Valley Nugget due to lack of local merchant support."

Clark went on to say that he had enjoyed patronage from other sources such as Grass Valley merchants, local attorneys, national advertisers and local civic government offices and agencies.

"Today, the Nugget is no more," Clark wrote. "The merchants will probably not even miss it; probably the residents of the community (with few exceptions) won't either. But a few eyebrows throughout the state will probably rise in wonderment why a weekly newspaper in a county seat community suspended. Perhaps other communities of this size may be surprised over the Nugget's suspension. Citizens may wonder how a town the size of Nevada City can support a city manager to administer its business while its weekly newspaper passes into oblivion."

Visitors At Tahoe Rotary Outnumber Members

TAHOE CITY—Visiting Rotarians are still outnumbering locals at Rotary luncheon meetings at Tahoe Inn. There were 39 visitors at the August 13 meeting and 21 locals.

The visiting Rotarian from the greatest distance was George E. Watson of Miami, Fla. He was given a color map of Lake Tahoe.

Program Chairman Basil Kehoe introduced Miss Patricia Canfield of the International House Association. A graduate of the University of California at Berkeley, Miss Canfield explained the operation of the International House Association of which there are 33 in the whole world and 250 members in the local organization. At the end of her talk, Miss Canfield introduced Mrs. Mina Raines-Lambe, a former international student from France and now a resident of Sacramento, and Ruth Hawthorne of Berkeley. Mrs. Raines-Lambe talked about her association with the various students from around the world at the International House at Berkeley. The three young women are vacationing at the International summer home near Granlibakken.

STATE ENGINEERS STUDY BAY ROUTE

District Engineer Alan S. Hart announced today that a division of highways survey party will start work about August 21 in the Emerald Bay area between Tallac and Bay View Rest. The party will be under the direction of Jim Scott.

The purpose of the prseent party is to obtain supplemental material for continuing highway engineering studies being done of this area.

ENJOYS SOUTH

KINGS BEACH — Mrs. Snowden Burch wrote that the climate of Hemet seems to agree with her husband who is steadily improving his health. She is employed in the office of a hospital there and the former Kings Beach couple thoroughly enjoy the attractive, easy-going town where they now make their home.

The last California grizzly bear to be seen alive was observed in Sequoia National Park in 1924.

TAHOE TRUCK MAN KILLED IN OREGON

MEDFORD, Ore.—Charles Embree Lawson of Lake Tahoe, Calif., was killed when his truck plunged off a highway 20 miles northeast of here.

The body was found about 40 feet from the truck.

The state police said the accident happened several hours before it was discovered. Lawson had been visiting a brother nearby.

Fire destroys his trees, too

COST OF COLLEGE OUTLINED IN MEET OF PLACER BOARD

Sierra Junior College District trustees outlined their $3,040,000 bond proposal to be voted upon October 22, to eight members of the area's newspapers last week in Penryn.

In a breakdown, the cost of buildings and utilities, along with sited development, was announced as $2,321,380.

Architect Gordon Stafford was present, and warned if present inflationary trends continue another 7 percent must be added, which amounts to $162,496, to create a total of $2,483,876.

Purchase of land for the 100-acre tract is estimated at $100,000 in the estimates, and equipment will cost an estimated $150,000.

Facilities for 15 college departments are provided in the estimates of building costs.

Most expensive will be a health and physical education unit, that will include the gymnasium, a large structure capable of taking care of from 900 to 1000 men and women each day. It is scheduled to cost $499,000.

Science, which of course takes care of a much smaller portion of the student body, since no science courses are compulsory, calls for an outlay of $279,000, followed by agriculture and industrial arts with a combined outlay of $175.800.

A student union and cafeteria structure is scheduled to cost $190,000, and the library cost estimate is $135,100.

Engineering and math department, closely allied to science, but separated there from, will cost $92,200.

Other figures given include: dormitory, $88,700; administration, $113,800; business department, $79,800; home economics, $48,900; music, $66,900; languages and arts, $125,400; social sciences, $76,700; site development, $130,000; utilities, $120,000.

MALE ANIMAL ENDS THEATER AT TAHOE

TAHOE CITY — Sacramento State College summer session will present as its final production of the summer, "The Male Animal," a comedy by James Thurber and Elliotte Nugent tonight and Friday.

Carving out the challenging task of direction, is Dr. Carl A. Thomas, a veteran of the Main Line Theater in Philadelphia before joining the faculty of Sacramento State College.

Working as his assistant and portraying the male lead, is Paul Bertrand, graduate of the Pasadena Playhouse. As his wife is Pat Cawfield, who is working on her doctorate. Robert Sharp, who has just returned from a mission to Guatamala, is in the role of Joe Fergeson, the all-American football hero.

Stuart Kaufman, a student at Dartmouth College plays Michael Barns, the editor of the college magazine. Dean Damon is played by Jon Frieseke, who is a drama major at Sacramento State College. Bess Brust ,a housewife artist, is handling the task of properties.

A recent graduate of Sacramento State College, Betty Martin, plays Cleota, the humorous maid. Dixie Long portrays Patricia. Dixie is attending Dominican College. Marsha-Jo Demorest, a junior student at the University of Nevada, is cast in the role of Blanche Damon.

Finishing of the casted roles is Wayne Willey, a student at the University of California at Davis, who plays Ed Keller, the member of the University Board of Trustees.

In the Capitol Park at Sacramento, Italian stone pine trees have reached massive size.

TRUCKEE BIBLE CHURCH

Pastor, Roy S. Rhoades

A wonderful evening of fun, food and fellowship was enjoyed last Thursday by youth from Grass Valley, Tahoe City and Truckee when 43 teen-agers joined together for an evening of activity in Tahoe City with the Tahoe Bible Church serving as hosts. The group from Grass Valley gave a program to climax the evening with their testimonies to the reality of the Christian life.

This week teen-time will meet in the patio of the Wes Boyer home on Friday evening at 7:30. Young people from Tahoe City and Truckee will enjoy a hamburger cookout. The teen-age group from the Methodist Community Church have been invited as guests for the evening.

This Sunday morning at the 11 o'clock worship service the Lord's Supper will be observed. In the afternoon the fellowship of the church has been invited to enjoy a chili supper in Grass Valley at the First Congregational Church as guests of Pastor R. A. Miner. Our regular Sunday evening service will resume next week starting a new series in the Book of Jonah, which, incidentally, is not a fish story.

The use of aircraft in direct support of ground units by the Marine Corps was employed for the first time in combat July 16, 1927, when a flight of six bombing planes strafed and bombed a force of 500 bandits who unsuccessfully attacked a small Marine garrison at Ocotal, Nicaragua.

BE CAREFUL WITH FIRE!

TRUCKEE COMMUNITY METHODIST CHURCH

Mrs. Agnes J. Clark, wife of Pastor Aubrey H. Clark, has been visiting at the parsonage since Tuesday, August 15. She is leaving for Woodland on Friday morning, and has enjoyed her stay here. She wishes to say, "thank you," for the lovely flowers, and the delicious cake, and the kind greetings that she has received here.

Pastor Clark will conclude his services here at the quarterly conference on September 5, and housekeeping will be resumed at 105 James avenue, Redwood City, where Truckee folks will always be welcome visitors and friends.

The Daily Vacation Bible School started Monday, and although several good helpers were on hand, there is still a need for more who will be willing to devote their time to the Master's work in this field. Phone Luther 7-3637, or Luther 7-3003, or Luther 7-3240.

Program for Sunday:

Church school, 9:45 a.m.

Morning worship, 11 a.m.

Commission meeting, followed by devotional service, Thursday, 7-9 p.m.

Theme for adult Bible class: "Human Destiny as Outlined in Romans 8:28-39."

Sermon theme: "Following Jesus, Without Fear." Text, Mark 10:32.

At this service there will be the Sacrament of Baptism, and the reception of members into the church.

All members of the commission on church membership and evangelism meet in the church at 7 p.m. Mrs. Daven Morey is chairman. Devotional service will follow this meeting, 8-9 p.m.

The line of the Minutemen

"Stand your ground.
Don't fire unless fired upon.
But if they mean to have a war,
let it begin here."

Captain Parker

On Lexington Green, 182 years ago this month, the first shot of the Revolution was fired. And the men who stood against the organized army of the Redcoats became immortal in American history as the Minutemen.

For they were the core of the army which gave birth to a nation—a civilian army in which every man fought first for the security of his home and family and thus tapped incredible reserves of strength and fortitude.

The Minuteman was chosen as the symbol of the Savings Bond program of the U. S. Government because he represents the strength that is America—the security of each individual American family.

And it is this strength of 170,000,000 Americans which is behind every Savings Bond you buy. Your Government guarantees the principal of your Bonds *safe*—up to any amount—guarantees *sure* the rate of interest you receive.

What more fitting way to honor the Minuteman of the Revolution than to build your family's security on the security of America—as he did? You do that when you save regularly with U. S. Savings Bonds. Start today either through the Payroll Savings Plan at work or by buying a Bond a month where you bank.

Safe as America . . . U. S. Savings Bonds

The U. S. Government does not pay for this advertisement. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

STILL WORK TO BE DONE!

Lake Improvement Group In Busy Meet

HOMEWOOD—Ralph S. Peer, a member of the board of directors of the McKinney Bay Improvement Association at Lake Tahoe, will represent that organization at the public water hearing to be held August 28 at Meeks Bay.

This was announced in the association's newsy bulletin for August.

The bulletin also reports that Vernon J. Littlefield, a newly elected director, at the meeting August 11 reported that efforts are being made to secure improvment of conditions of county highways adjacent to Route 89 at Tahoma.

Dr. Victor P. Broachard, president, addressed the August 11 meeting and recited the aims of the association which primarily are to protect the residential property owner from haphazard planning.

WORK IS COMPLETE ON HIGHWAY 20 JOB

Pyramid Construction Company of Reno, Nevada, has completed the repair of a slip-out on State Route 20 at Steep Hollow Ravine about 7.8 miles west of the junction with Highway U. S. 40, District Engineer Alan S. Hart announced in Marysville.

The Reno contracting firm removed unstable material in the area, placed approximately 300 feet of perforated pipe, and then replaced the fill. The road was damaged at this point by the severe December, 1955 storm. The work done will cost approximately $11,615. Work on the project started last fall and was suspended during the winter.

One project will be to have slash piles, which they charge have been accumulating over a period of three years, removed as they provide a dangerous fire hazard.

A warning to boat operators was issued, and the bulletin called attention to the fact that it is illegal and highly dangerous to operate a speed boat near a pier or between bouys and the shore where there are swimmers.

California farm wages are more than 50 percent higher than the national average.

slightly more than $1 million from the total distribution for June. It was derived from $22,758,483, net gasoline tax; $1,558,881, use (diesel) fuel tax; $1,267,067, transfer from Motor Vehicle Transportation Tax Fund, and $402 miscellaneous.

Dont' add man-caused forest fires to the natural hazards of young timber trees; be careful with fire of any kind.

"BEST LASS"

Dove Season Open Sept. 1 For 30 Days

By Edwin S. Capps

SACRAMENTO (CNS) — California shotgunners will flex their muscles for the first time on Sunday, September 1, with the opening of the 30-day mourning dove season.

Announcement of the season, with the same number of days and same limit as last year brings back to mind the short but eventful fight in the recent legislature over whether doves should go off the hunter's list and onto the song bird list.

The bill to accomplish this was consigned to oblivion after an emotional three-hour hearing but some of the implications of the meeting still are in evidence.

Game management policies in California have come to such a pass that some of the opponents in the dove flight later joined sides in debates on other species, such as deer. In another instance Assemblyman Vincent Thomas (D-San Pedro), representative of the commercial fishing community, has joined sides with sportsmen on a number of issues.

Fish and game matters, like politics, often make strange bedfellows when there is a common force to oppose or evils to overcome. The fish and game department and commission have a high batting average of late in providing the common ground on which sportsmen, conservationists, commercial fishing and anti-hunters can meet to form a unified opposition to the often ill-advised programs and lack of programs of the state officials.

Unwittingly, the present department commission combine has done more to bring opposing forces in the state's fish and game picture closer together than anything else that has come along.

COUNTY SHARES IN STATE HIGHWAY TAX

SACRAMENTO (CNS) — State Controller Robert C. Kirkwood announced he has apportioned $25,584,833 in highway users tax for July to the state highway fund and California's cities and counties.

The counties' share of $6,137,176 included $21,792 for Nevada County.

The total apportionment, while up 6.48 percent, or about $1.5 million from a year ago, dropped

The sympathy of his many friends is extended Dr. Stuart Dingwall of the Lake Tahoe Veterinary Hospital on the Truckee River whose father, Archie Dingwall, passed away at the age of 76 on Monday last at his home in Southgate, Calif.

* * *

The pet raccoon of Mrs. Thelma Ever of Truckee figuratively, and literally, "lost his head" when he bit his mistress and her husband on Sunday last. For Dr. Stuart Dingwall, who operates the Truckee River Veterinary Hospital, on Monday sent his head to the Placer County Health Department, following his demise, to determine if the animal was infected wth rabies. The raccoon escaped some days ago and was later recaptured, showing injuries to his neck which indicated he might have been attacked by some wild animal. Dr. Laurence Nelson of Truckee has Mr. and Mrs. Ever under medical treatment.

* * *

Mrs. H. L. Youman of Roseville was the houseguest for the past week of Mrs. Jeannette Mitchell of Sunnyside.

Mr. and Mrs. J. R. Purcell of San Francisco enjoyed a week's vacation visiting at the home of their granddaughter, Miss Diane Purcell of Sunnyside.

* * *

Carl Barth of Oakdale, cousin of Fern Schlueter and Vivian Nelson of Schlueter's Cottages, and his wife, were overnight guests recently.

* * *

Guests for the month of August at the Rob Watson's Dollar Hill retreat are their daughter, Mildred and grandson, Tim of San Anselmo. Tim's dad, George Collins, departed for home on Sunday following a two week's vacation here, and will return for weekend visits during his family's stay.

* * *

Mrs. Bud Schnell of Sacramento, sister of Mrs. Don Snyder, and her son were recent visitors at the Snyder home near Tahoe City.

* * *

Undoubtedly the Tahoe party of the season was the cocktail hour and marvelous dinner served at the R. Stanley Dollar summer home on Dollar Point on Sunday evening in observance of Mrs. R. Stanley Dollar, Jr.'s natal day.

* * *

The many friends of the Paul Webbs of Loomis, and Tahoe Park, were pleased to learn on Tuesday last that Paul has had what his doctor terms "a miraculous recovery" from a serious heart attack he recently suffered at his Loomis home.

* * *

Frank Daft of Pineland, who has seen the inside of hospitals more in the past seven or eight months than most folks do in a lifetime, is home again after his last visit, and examinations, at Franklin Hospital in San Francisio. He was sent home on Sautrday last wearing a new type brace for his back which he will try out for the next three weeks before learning whether that disc operation will eventually be necessary, or not.

* * *

Mrs. George Boyle of Fairway Drive, who returned only Sunday from the bedside of her critically ill father, A. P. Whitehead, 62, of Boulder Creek, returned by plane on Monday when she learned he had passed away. She and her four children, Denise, Jimmie, Lori and Cathy, were called by her mother to come at once ten days ago when her dad suffered a cerebral hemorrhage and lapsed into a coma from which he never recovered. This time she left the children at home with her husband. The sympathy of the community is extended to her and her family.

TIMELY TIPS

by MRS. MARIE HENRY

Two methods of heat-treating fluid milk during an emergency: One—bring water in bottom part of double boiler to a vigorous boil. Pour milk into top part over boiling water to heat the milk. Cover and maintain at a boil for 10 minutes. Second method—bring milk quickly to a boil in an open saucepan, stirring constantly, or heat milk to 165 degrees F. using cooking thermometer, if available. Place saucepan then in cold water and stir until cooled.

The St. George Reef lighthouse, off Eureka, cost more than $750,000 to construct—the most expensive lighthouse in the world.

NOTICE OF INTENT TO MORTGAGE

Notice is hereby given, pursuant to Section 3440 of the Civil Code of the State of California, that the undersigned, George A. Carter, whose address is Hotel Truckee, Truckee, California, and whose business is restaurant operator, and whose business is known as Olympic Cafe, intends as mortgagor to mortgage to Floyd E. McKee and Linnie R. McKee, mortgagees, whose address is 585 Dinslowe Drive, Apartment C, Reno, Nevada, certain personal property of which a general statement of the character thereof is as follows:

All furniture, fixtures and equipment necessary to the operation of a restaurant business; said personal property is situate in the Olympic Cafe located on the ground floor of the Masonic Building on the north side of Highway 40, in the Town of Truckee, California, and any consideration for said mortgage will be paid at the hour of 10:00 o'clock A.M. on the 28th day of August, 1957, at the office of Berliner & Wetherall, 232 Broad St., Nevada City, Calif.

Dated Aug. 8, 1957.

GEORGE A. CARTER.

State of California
County of Nevada ss.

On this 8th day of August, 1957, before me, Beverly M. Wilson, a Notary Public in and for the said County and state, residing therein, duly commissioned and sworn, personally appeared George A. Carter, known to me to be the person whose name is subscribed to the within instrument, and acknowledged to me that he executed the same.

IN WITNESS WHEREOF I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

BEVERLY M. WILSON,
Notary Public in and for the County of Nevada, State of California.

My Commission Expires May 14, 1961. A22 1t

NYACK LODGE WILL MOVE FOR HIGHWAY

A picturesque, 27-room mountain lodge has fallen victim to progress and will be destroyed to clear the way for a four-lane highway on U.S. 40 over Emigrant Gap.

Details of a $400,000 deal in which the state purchased Nyack Lodge and its auxiliary business have been disclosed. Herstle Jones owner of the lodge, said it would continue in business on a lease basis until the state is ready to begin moving dirt.

Frank C. Balfour, chief right-of way agent for the state division of highways, said it probably would be at least a year before construction begins. However, he said it's necessary to purchase rights-of-way in advance, even in mountain areas.

"We found ourselves squeezed between the Southern Pacific tracks and Nyack Lodge," Balfour said. "The railroad already is on maximum grade and we had no choice. We'll have to wipe out everything right up to the steps of the building, including the service station, garage and parking area."

Courtesy Is Important For Safety In Driving

Courteous drivers obey the law and help save lives, says the California Highway Patrol.

"Courtesy in traffic and obedience to the traffic laws combined mean traffic accident prevention," declared Sgt. Frank Snyder.

"The difference between motoring discourtesy and an outright violation is slight and either act can cause a traffic accident.

"Most traffic laws are courtesy rules leading to cooperative driving and walking in traffic when heeded," Snyder stated. "Our records indicate that lack of courtesy is quite prevalent on the high ways.

"This is evidenced by the growing number of violations of right-of-way, unsafe lane changes, failure to lower the headlight beam when approaching or following another car, and following too closely," he concluded. "Courtesy and cooperation with others plus conformity to the rules will help improve our traffic accident record and keep you out of accident trouble."

Disabled Veterans May Get Free Game Licenses

Veterans 70 percent or more disabled in wartime service may get free hunting licenses, fishing licenses, deer tags and pheasant tags on or after the September 11 effective date of a new state law.

According to H. E. Nolen, county service officer, they may apply for the licenses now.

Heretofore, the free hunting and fishing privilege was available only to 100 percent disabled veterans. The law making this privilege more liberal becomes operative September 11.

NOTICE TO CONTRACTORS

Notice is hereby given that the Tahoe-Truckee Unified School District, Counties of Placer and Nevada, State of California, hereinafter referred to as the Owner, will receive up to but not later than 8:00 P.M. on the 29th Day of August, 1957, sealed bids for the award of a Contract or Contracts for construction of an Addition—Classrooms and Locker Rooms—to the Kings Beach School, Kings Beach, Placer County, California. Such bids shall be received at the Office of the Superintendent, Tahoe-Truckee High School, U.S. Highway No. 40 near Truckee, Nevada County, California, and shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Articles 1 and 2 of Chapter 1, Part 7, Division II of the Labor Code, and Local Laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

CRAFT	Hourly Wage Rate	Per Diem Rate	Holidays & Overtime
Boilermakers	$3.45	$27.60	$6.90
Bricklayers	3.80	30.40	7.60
Carpenters	3.475	27.80	**
Electricians	3.67	29.36	7.34
Glaziers	3.055	24.44	***
Iron Workers—Reinforcing	3.15	25.20	6.30
Iron Workers—Structual	3.40	27.20	6.80
Laborers—General	2.505	20.04	****
Painters & Decorators—Brush	3.20	25.60	6.40
Plasterers	3.55	28.40	7.10
Plumbers	4.60	36.80	9.20
Roofers	2.975	23.80	****
Sheet Metal Workers	3.45	27.60	6.90
Tile Setters	3.28	26.24	6.56

OVERTIME: Any additional time worked after the regular work day, Saturdays, Sunday and Holidays shall be considered overtime and paid for at double the straight time rate unless otherwise specified herein.

** For the first four hours after the regular work day, overtime shall be time and one-half. All additional time worked up to 8:00 A.M. and on Saturday, Sunday and holidays shall be double time.

*** For the first four hours after the regular work day and Saturday morning overtime shall be paid for at the rate of time and one-half. All other time worked shall be double time.

**** Any additional time worked after the first eight hours of regular work day and Saturday shall be paid for at the rate of time and one-half. Sundays and holidays shall be double time.

Each bid must conform to the requirements of the Drawings and Specifications and all other Documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the office of the Architect, GORDON STAFFORD, 1024½ J Street, Sacramento, California, upon receipt of $25.00 per set, which deposit will be refunded on return of such copies within 10 days after the bids are opened.

No bid will be considered unless it is made up on a form provided by the Architect and accompanied by certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above-mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within 5 days after notification of the award of the Contract to the Bidders.

The successful bidder will be required to furnish a Labor and Material Bond in an amount equal to fifty percent (50%) of the Contract price, and a Faithful Performance Bond in an amount equal to one hundred percent (100%) of the Contract price. Said bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and|or waive any irregularities or informalities in the bidding.

Dated this 6the day of August, 1957.

STORM CENTER WILL HIGHLIGHT PROGRAM

Local theater-goers are in for some good entertainment as the Donner Theater announces it has secured some real thrillers for this week's menu.

Two-time academy award winner Bette Davis is starring in Storm Center tonight. Also in the cast are Brian Keith and Kim Hunter. Miss Davis portrays a small town librarian who dares to keep controversial books on the shelves in defiance to the "decent" people of the community. The story is fast moving and action-filled.

Friday and Saturday the Donner features Beginning of the End—a top science-fiction film shocker starring Peggie Castle and Peter Graves. The Beginning of the End is heralded as one of the most amazing and unusual pictures to reach the screen in many years. It has to do with an attack on America, mainly Chicago, by thousands of giant grasshoppers, 10 and 12 feet long, and the work of the brilliant young scientist to stop them.

Island in the Sun, starring James Mason, Joan Fontaine and Harry Belafonte, comes to the Donner Sunday and Monday. Here is a story set in the British West Indies and deals with the difficult problem of human relationship between the white and colored natives. It was produced by Darryl F. Zanuck and adopted from a story by Alec Waugh, assuring its interest.

The week's programs ends Tuesday and Wednesday with George Montgomery in Last of the Badmen, a color cinemascope thriller.

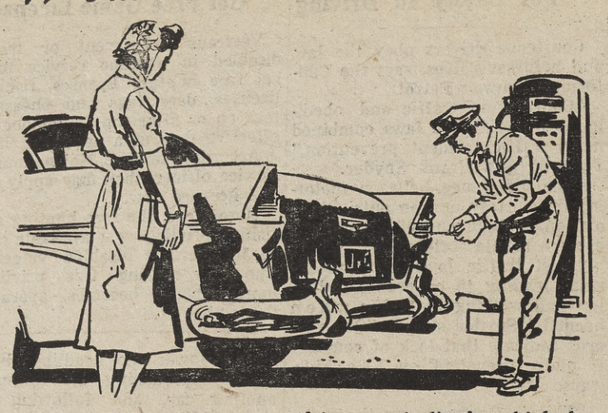
Women At The Wheel



CAR CHECKUP—Most women drivers are inclined to think that mechanical matters are pretty much beyond them. But the California State Automobile Association points out that there are many important things which a woman can—and should—regularly check. Among them: horn, windshield wipers, all running lights and directional turn indicators and steering wheel for excess play. And when going to your service stations, remember GOWAB—gas, oil, water, air pressure of tires, and battery.

Emerald Bay Camp Opens On Friday

By Henry C. MacArthur
CAPITOL NEWS SERVICE

SACRAMENTO — Campsites to accommodate 100 families are to be opened at Emerald Bay August 23, according to announcement by Newton B. Drury, chief of the state division of beaches and parks. This announcement marks somewhat of a high point in the operation of the state park system.

Several years have been consumed in acquiring the property around Emerald Bay, on Lake Tahoe, and approximately two years have been spent in developing what may well turn out to be one of the choicest camping sites in the state park system.

Cost Was High

First it was necessary to build a road to the south peninsula of the bay, on which the camp grounds are located. Because of the nature of the terrain, difficulties were encountered in installation of a sewage system.

Altogether, Drury said, it has cost the state $172,000 for the entire development, $17,000 for the camp sites themselves; $53,00 for water and sewage facalities; $47,000 for roads and parking; $52,000 for an entrance station and other buildings and $2,000 for miscellaneous and cleanup work.

While the new campsite may relieve the pressure on the D. L. Bliss state park, which is adjacent to Emerald Bay to the north, the division of beaches and parks does not in any way, shape or form think that it will provide facilities for everyone who wants to camp at the lake.

Now 230 Camp Spots

"We'll always be turning people away," said Earl Hanson, deputy chief of the division. "More people want to camp at Bliss and will want to camp at Emerald than the facilities will accommodate." With the new facilities, a total of 230 camping spots will be available in the state's holdings at the lake.

However development is anticipated for picnicking facilities. The state owns the old Emerald Bay resort, which has been leased to the previous owners. The lease has approximately two more years to run before the state takes over. The division does not know at the present time what will be the final disposition of this resort, but does know that it is having difficulties in maintaining minimum safety standards because of the age of the buildings.

Whether the resort will be refurbished, or converted into a picnic ground is a matter under consideration at the present time. The thinking now is that converting it into a picnic ground for day use would provide more facilities for the public.

In addition, the state owns Vikingsholm, an estate constructed by the late Mrs. Laura Knight. This has been developed as a show place, and conducted tours by the division of beaches and parks for tourists.

Sewage Problem

Greatest retardant in development of the state's properties at the lake, according to Hanson, are the problems encountered in the installation of sewage systems. The shores of Lake Tahoe are rocky and not adapted to the use of septic tanks, which results in necessity for pumping plants if health standards by the state are to be maintained.

Another cause of delay, he pointed out, is the short working season at the lake, caused by the heavy snows which prohibit construction activities during the winter months.

WATER MEET

Continued from Page 1

ing downstream and canal losses, thus permitting a reduction of Tahoe storage by an equal amount.

(4) Purchasing and abandoning of certain rights to the use of Tahoe water.

(5) A combination of two or more of these methods.

The Interstate Compact Commission of California is investigating the problem from all aspects, with special emphasis on the tremendous growth of the Lake Tahoe area as a recreational center.

This commission, in cooperation with the Nevada Commission, has called a public hearing on the matter. The hearing will be held in the Meeks Bay Theater in Meeks Bay at 1:30 p.m. on August 28.

Commission officials have pointed out that solution of the problem lies in widespread public understanding of the issues and of the uses of the lake as a water conservation reservoir.

Highlighting the importance of the problem will be the participation in the hearing of Gov. Charles Russell of Nevada and Lieut-Gov. Harold J. Powers of California.

It is expected that representatives of the respective state governments, the army corps of engineers, U.S. Bureau of Reclamation, property owners in the Tahoe area, and other water users and interested parties will participate.

A. M. Barton is chairman of the California-Nevada Interstate Compact Commission of California, and Edmund Muth is chairman of the Nevada Commission.

Kalers, Finnigans Are Planning Eastern Trip

Mr. and Mrs. J. E. Kaler and Mr. and Mrs. C. C. Finnigan of Sacramento are planning a two months tour of the United States, leaving next Monday.

The Kalers who were here last week, enjoying their summer as they have for more than 20 years. They spent some time removing their belongings from their local cottage, the property having been sold to the state for a highway right-of-way.

The family has a number of friends in the vicinity who will miss their annual stay.

Cooper Visits—

Sandy Cooper, who last year was special passenger agent for the Southern Pacific here and at Lake Tahoe, now employed by the company at Palm Springs, visited friends here last week.

UTILITY GAIN

Continued from Page 1

in installing, maintaining and taking down weather instruments at the proposed Truckee-Tahoe Airport site.

Salaries Explained

In the matter of the officers and executive salaries shown for both departments—$6,600 was for managers salary, $4.362.50 for treasurer, $120 for monthly auditor, $1,880.85 for part time superintendent and $340 for directors salaries, or a total of $13,303.35.

The district profited from the sale of land along the Brockway road to the extent of $3,730 as shown on the water report of income and expenses and the money received from the sale of land to the Donner Trail subdividers to the amount of $26,250 was disdisbursed and included in the electric report to the amount of $10,000 for pole and line equipment and to the water system to the amount of $16,250 for mains, services and hydrants.

Other Income

Other outside income received during the year was interest on the amount due for the land sold along the Brockway road $128.88, rental of pasture land, to J. Joerger $100, land rental to the Donner Dog House $275; Southern Pacific Pipe Line easement $123.75; outdoor sign on property along Highway 40, $20; interest due on note of G. E. Lewis $68.75, and pole contacts of Fibre Products Co. $11.85, reconnection charges $18.60, cancellation of customers advances $227.57 and deed for Meadow Lake land $30.

Office supplies and expenses included billing clerk and bookkeeper salaries $4,952.46; and files, printing, postage, etc., $1,063.18.

Included in the miscellaneous expenses was $1,038.02, expenses in moving the Southern Pacific Hotel; $1,063.18 in reading meters: $92.90 in damages in line work, and $94.18 in high line fuses for Burney Lumber Co.

In addition to the salaries of the officers and executives set forth there was paid $15,852.88 to other help in the electric department and $15,080.12 for outside help in the water department or a total salary expense for the year of $44,236.35.

Clyde E. Mandeville Is Wed In Reno Ceremony

KINGS BEACH—Miss Glenna Akers of Reno, and Clyde E. Mandeville, from Kings Beach, were married at 11:30 a.m., Monday, August 12 at the Park Wedding Chapel, Reno. Rev. Garreth Hughes performed the ceremony.

Mr. and Mrs. Richard C. Mandeville were best man and matron of honor. Other guests were the parents of the groom and nephew, Dickie Mandeville.

A reception to honor the newlyweds will be held Sunday, September 1 at 2 p.m. at the home of Mr. and Mrs. Bud Mandeville. Mrs. Mandeville's mother is Mrs. Ralph Mann, now living in West Palm Beach, Fla.

Mr. and Mrs. Mandeville will be returning to live in Reno, where he will continue his studies at the University of Nevada.

Sees Father—

Chester Zunino of Wilton visited his father, Jerry, on Tuesday.

The state department of motor vehicles reports California has 53 vehicles for every mile of high way; the national average is 14 vehicles per mile.

One out of every 10 automobiles in the United States, says the state department of motor vehicles, is registered in California.

An average of 31,490 drivers per month are restricted in their driving privilege for various reasons by the state department of motor vehicles.

TRAFFIC DEATHS IN STATE SET RECORD

SACRAMENTO (CNS) — Traffic deaths in California during July totaled 353 to set a new high for the month for the second month in a row.

The California Highway Patrol said the July death toll was up by nine persons or 2.5 percent from the previous record for the month, in 1956. Ninety persons met death in 35 multiple-fatal crashes.

"Errors in judgment while traveling at excessive speeds were responsible for most of the July traffic deaths," said B. R. Caldwell, patrol commissioner.

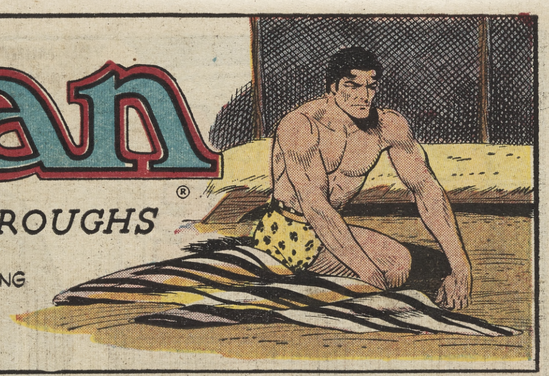
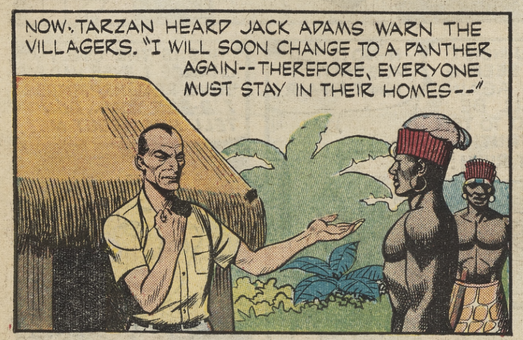
Tarzan®

by EDGAR RICE BURROUGHS

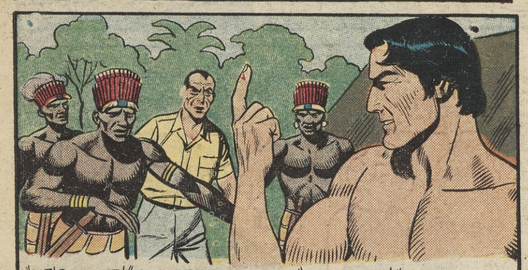


THE APE-MAN, AFTER FOLLOWING AN UNDERGROUND TUNNEL, EMERGED INSIDE THE NATIVE GUEST HUT--



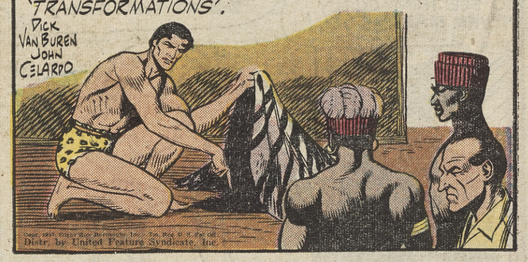
NOW, TARZAN HEARD JACK ADAMS WARN THE VILLAGERS. "I WILL SOON CHANGE TO A PANTHER AGAIN--THEREFORE, EVERYONE MUST STAY IN THEIR HOMES--"

SUDDENLY, HOWEVER, ALL HEADS TURNED AT THE SOUND OF A DEEP, RESONANT VOICE. "*WHY* MUST THEY?"



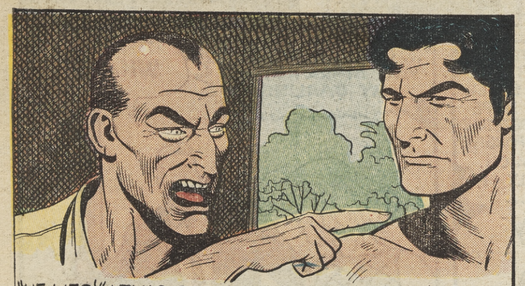
"HE'S ALIVE!" GASPED A NATIVE. "A GHOST!" CRIED ANOTHER. TARZAN SMILED. "I AM NOT A GHOST--NOR IS ADAMS A PANTHER MAN. COME SEE--"

TARZAN SHOWED THE NATIVES THE TUNNEL OPENING AND EXPLAINED HOW ADAMS COULD BRING A PANTHER BACK AND FORTH FOR HIS 'TRANSFORMATIONS'.

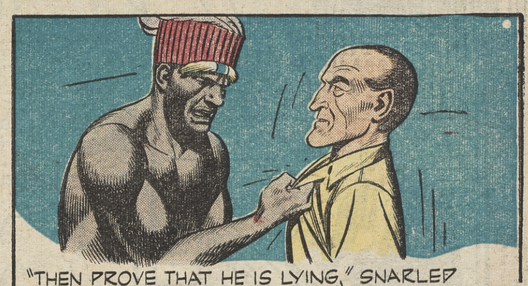


DICK VAN BUREN
JOHN CELARDO

Copr. 1957 United Feature Syndicate, Inc.
Distr. by United Feature Syndicate, Inc.



"HE LIES!" ADAMS SCREAMED HYSTERICALLY. "SEIZE HIM, OR YOU ALL WILL BE HORRIBLY PUNISHED!"



"THEN PROVE THAT HE IS LYING," SNARLED THE NATIVE CHIEF. "LET US SEE YOU TURN INTO A PANTHER--*NOW!*"

CURLY KAYOE

by SAM LEFF

YOU MUST NOT CONTINUE TO MISLEAD CURLY KAYOE!

YOU HAVE NO RIGHT TO TELL ME WHAT TO DO!

I LOVE CURLY KAYOE—AND I'M GOING TO MARRY HIM... AS SOON AS HE ASKS ME!!

YOU WOULDN'T DARE!!

IF YOU INSIST UPON SEEING CURLY AGAIN, I SHALL BE FORCED TO TELL THE TRUTH ABOUT RUTH!

N-NO!! YOU MUSTN'T... IT ISN'T F-FAIR!

THIS IS THE ONLY CHANCE I EVER HAD FOR SOME REAL HAPPINESS. *I B-BEG YOU... DON'T TELL HIM ABOUT ME!*

I AM VERY SORRY... BUT IT IS MY **DUTY** TO SEE THAT CURLY **NEVER MARRIES YOU!**

WAIT... I'LL TELL HIM M-MYSELF... IT WILL BE **B-BEST THAT WAY!**

I WILL SEE CURLY FOR THE L-LAST TIME AND TELL HIM THE T-TRUTH!!

GOOD! I'M SURE YOU WILL FEEL MUCH BETTER WHEN IT IS ALL OVER!

LATER

HI, RUTH... I GOT YOUR MESSAGE. WHAT'S THIS ALL ABOUT?

LET'S GO SOME PLACE WHERE WE CAN T-TALK... IT'S VERY, VERY **IMPORTANT!**

I MUST TELL YOU SOMETHING THAT WILL SHOCK Y-YOU... I HOPE YOU'LL UNDERSTAND AND F-FORGIVE ME... OH, CURLY—I, I...

8-25

... CURLY—WILL YOU MARRY M-ME, MY DARLING?

WHAT?
